# Ralph Rodriguez

Systems Design And Development, Helping Companies Deliver Breakthroughs / Rnetwork.com  
Dallas, Texas, United States

## Summary

Experienced Head of Technology, Facilities and Design, Business Strategist and Entrepreneur working in finance, retail and hospitality industries.

I have experience in large corporations as well as start-ups with expertise in the areas of technology, systems, facilities, business development, operations and design. I am driven by solving problems and my super power is getting things done - especially things that others think are not possible.

Always Looking forward to the next challenge.

---
